

## INQ Perspectives and Substitution Declaration rev Oct 5, 2022

### Directions:

1. Enter the 200-level INQ courses you have taken in the chart below.
2. Add disciplinary course substitutions in the rightmost column for any row in which you don't have an INQ course.
3. Students transferring to Roanoke after study at another college may transfer any or all 200-level INQ courses, BUT if three or more are transferred in, all remaining unmet requirements must be completed with INQ courses. Transfer codes are listed in parentheses after each requirement. Some codes have 3<sup>rd</sup> letters. G as the 3<sup>rd</sup> letter stands for Global. Once students start at RC, they must complete general education requirements with RC courses.
4. **Submit the completed form to the Registrar's Office only after you have completed all 200-level INQ requirements.**
